Why would you recommend/not recommend this course?

Great info, protocols, chart explanation, history

Great practical advice and experience based teaching

Recommend

Yes, Should be faster

Yes

Although I was only doing oral chelation and therefore this course was required I found that IV chelation is very important/useful and will start doing more of this

Very informative and practical

Good price

What would you change about this course?

One extra day, slower pace

No, practical

Give info prior to course

More discussions of protocols and few case studies

More clinical examples of adverse reactions and comparison to natural chelation/chelation substances for efficiency/adjunct therapy

Updated info/more clinical examples
