Why would you recommend/not recommend this course?	for public safety; to improve professional standards/image					
	very well taught, learned a lot, did a lot of practice, easy chart to follow					
	It is important to consider emergency procedures that may arise during practice. Hands on training is invaluable; imp					
	everyone needs to learn what to do in an emergency situation					
	it is required for AB chelation license; good for use of ND clinical emergencies					
	because of its application to an ND clinic setting					
	clarity & expertise					
	builds confidence; safe place to make mistakes. Appreciate the personal experiences & honesty shared. Great to learn					
	good review of IV procedures					
What would you change about this course?	for those who don't do IV therapy, some of the content may be confusing					
	offer it in Edmonton					
	add dosing of rx meds to chart; make chart colours more distinct					
	more legible cases; clearer case instructions					
	update chart; reflect current SOP w respect to ACLS where applicable (ie. MI, CHF, etc)					
	order of notes in book					
	fruit plate; more snacks					
	more time spent on the emergency kit					
Would you like to take further courses given by Michael A. Prytula ND?	Yes 13	Maybe	No
