TOTALS	184	86	13	0	0	0

	Yes	No		
Did you feel confident using IV Therapies before the course?	3	9		
Do you feel more confident using IV Therapies after the course?	11	0		
Will you be using IV Therapies in the future?	12	0		
Would you recommend this course to other ND's?	12	0		
Have you used IV therapies in your practice prior to coming here?	3	8		
	0-2 years	2-5 years	5 + years	
If yes how long have you been using IV's in your practice?	11	1	0	
How long have you been a licensed professional?	6	3	3	
Why would you recommend/not recommend this course?				
<i>I liked the practical dimensions and components and the emphasis on starting slowly for new docs.</i>				
<i>Instructor was excellent. I would recommend it. Encouraged confidence, good instructions given. Great use of time.</i>				
<i>Good amount of info given to start implementing right away.</i>				
<i>Clinical usefulness of IV therapy was discussed and even some marketing tips. Reading through this info could be overwhelming - its wonderful to have such a knowledgeable instructor walking us through it.</i>				
<i>I would recommend this course to NDs to expand their therapeutic tool box and gain confidence in using IV therapy.</i>				
<i>Efficient use of course time, materials are very valuable. Instructor is very knowledgeable and friendly.</i>				
<i>ND and clinically focused so can use in practice right away. Nicely simplified to the basics.</i>				
<i>I found it a great beginners IV course, everyone was able to get one and on attention.</i>				
<i>Confidence in using IVs and Ims</i>				
What would you change about this course?				
<i>Not a lot.</i>				
<i>More opportunities to start Ivs. 2-3 times isn't much to go on back in your clinic.</i>				
<i>More IV practice, maybe 4 IV's per person?</i>				
<i>More supplies, better IV bag supports, cold in room.</i>				
<i>More supplies - poking more without IV bag set up, larger gloves. Verbal help with needles vs jumping into helping. Newer picture in book (not photocopies of photocopies).</i>				
<i>More IV practice; starting, trouble shooting, stopping, etc.</i>				
<i>Come to Halifax!</i>				
<i>More IV practice time-perhaps an assistant to help with needle insertion technique.</i>				
<i>More practice time (maybe with volunteers?) for insertion techniques.</i>				

Would you like to take further courses given by Dr. Michael A. Prytula ND?	Yes	No
	12	0
What course(s) would you be interested in attending? Please check ALL that apply:		
E. A. T. (Eliminate Allergy Technique)	4
