<p>Professional experience</p>	<p>Clinic Director, Green Apple Health Care, Edmonton, Alberta, July 2008 to present. Opened my own multidisciplinary private practice in South Edmonton. This is a multi practitioner practice focusing on general health with specialties in cancer, family medicine, men's and women's health issues. Treatments available include all basic and advanced naturopathic medical care with an approach to creating long term health by focusing on the cause of disease.</p> <p>Associate Practitioner, Mainstreet Chiropractic, Edmonton Alberta, January 2005 to June 2008. Run my own private practice in a large multidisciplinary clinic. Continued to see patients full time within this setting who have all types of health conditions. Starting research on treatment of metabolic acidosis and chronic pain.</p> <p>Associate Practitioner, Select Health Centre, Edmonton Alberta, February 2004 to December 2005. Ran my own private practice in the health centre with several multidisciplinary practitioners on site. Maintain a full time practice seeing patients with all types of health conditions from simple general practice to advanced conditions including cancer, heart disease, and others. Clinic extern supervisor. Supervise student activity during on site externship training. Starting research toward testing of metabolic lactic acidosis in CFS/FM.</p> <p>Clinic Owner and Manager, MGN Naturopathic Clinic, Edmonton, Alberta, September 1997 to February 2004. Owned and managed my own multidisciplinary clinic in downtown Edmonton. Was in charge of all clinic administration including daily operations and staff management. Managed various other health practitioners in an integrated clinic. Ran my own private practice full time seeing all types of general practice health conditions. Treated many patients for advanced health conditions including cancer, heart disease, inflammatory conditions, Chronic Fatigue and Fibromyalgia. Clinic extern supervisor. Supervised student activity during on site externship training. Started preliminary research on the "3 causes" theory of CFS/FM based on clinical findings in treatment of these patients in my clinic.</p>
<p>Research Submitted and in Preparation</p>	<p>Pre Ventricular Contractions, EKG changes before and after chelation therapy. 3 potential causes to CFS/FM, how trauma, infection and toxicity play a role in long term metabolic lactic acidosis to trigger Chronic Fatigue and Fibromyalgia.</p>
<p>Current Research Interests</p>	<p>Testing for Fibromyalgia: can calcium levels in the hair, blood or urine confirm long term metabolic lactic acidosis in Fibromyalgia? Long term metabolic lactic acidosis as a cause of hyper-excretion of calcium and magnesium from muscle tissues to alkalinize the system. High dose ascorbate therapy and the treatment of metastatic cancers. Bone rebuilding by bypassing digestive system and direct access of bone mineralization.</p>

<p>Additional professional activities</p>	<p>Associate Instructor, Naturomedic.org. I have been an associate instructor with naturomedic.org since 2010. I help teach the Emergency Procedures course to Naturopathic Doctors and other health care professionals.</p> <p>Vice Chair, Canadian Association of Naturopathic Doctors (CAND) I was Vice Chair of the CAND from January 1, 2013 until October 3, 2016. During that time we worked on strategic planning and advancement of naturopathic medicine through a National Awareness Campaign which launched in September 2016.</p> <p>President, Alberta Association of Naturopathic Practitioners In January 2000 I was elected President of the Alberta Association of Naturopathic Practitioners with the mandate to finalize regulations for Naturopathic Medicine under the Health Professions Act of Alberta (HPA, May 1999), schedule 14, College of Naturopathic Doctors of Alberta (CNDA). I oversaw and managed all activities from 2000 to January 2008 in regulating Naturopathic Medicine in Alberta. I spent extensive time and resources in this process including principal negotiations with Alberta Health, organizing and attending all meetings with the Ministry of Health and regulatory bodies. I managed the completion of the competence profile, and begun development of the continuing competence program and tracking system for Naturopathic Medicine in Alberta. I oversaw all work regarding the Alternative Complaint Resolution program for the profession. I have also managed registration tracking and information systems for the Association during the time I was president. I resigned as president of the AANP In January 2008.</p>
<p>Professional memberships</p>	<p>Alberta Association of Naturopathic Practitioners (AANP). Member since 1998, President January 2000 to January 2008. It is now continued as the College of Naturopathic Doctors of Alberta, where I continue to be a practicing member in good standing.</p> <p>Canadian Association of Naturopathic Doctors (CAND).</p> <p>Multidisciplinary Association for the Study of Cranio-Cervical Pain (MASCPC)</p> <p>College of Naturopathic Doctors of Alberta (CNDA). Regulated member in good standing.</p>
